**Purpose:**

The purpose of this supplemental filing is to include tariffs that were missing from the original filing and make corrections. The items that are changing are:

- Change to Garrapata's Rocky Point Restaurant and Damon Ranch Tariff
- To include Ventura's Metered Construction tariff
- Change Los Angeles' PFS Tariff
- To include Geyserville Flat Rate Tariff and workpapers

- Change to Hydrant for all other district

The purpose of this advice letter filing is to implement interim rates in connection with Cal-Am's 2016 General Rate Case ("GRC") in A.16-07-002 and establish a 2018 GRC Interim Rate Memorandum Account for the Larkfield, Sacramento District including service areas; Dunnigan, Geyserville, and Meadowbrook, Los Angeles, San Diego County, Ventura County Districts, and service areas Ambler Park, Ralph Lane, Chualar, Toro and Garrapata. This request is in compliance with authorizations of the California Public Utilities Commission as detailed in the Rate Case Plan in D. 07-05-062 ("RCP") and ALJ Ruling issued on September 8, 2017 in A.16-07-002.

**Background:**

Cal-Am filed A.16-07-002 on July 1, 2016 to increase rates in its Northern, Central, and Southern Divisions for 2018.

Submission of these tariffs is made in compliance with Paragraph 1 of Page 11 of the Rate Case Plan Decision (D.) 07-05-062 which states:

*"We conclude that companies experiencing a delay in their GRCs under our new RCP may seek a rate modification, subject to refund as set forth below, via and advice letter.<sup>6</sup> Our adopted procedure is set forth at II(B) of the RCP. Section II(B) also sets forth the procedure for seeking permission to forego a GRC filing. We will not limit the rate changes sought in these filings to the rate of inflation. However, interim rates under Section 455.2(c), when approved, will be subject to refund and shall be adjusted upward or downward back to the effective date of the interim rates upon the adoption of final rates by the Commission at the conclusion of a GRC scheduled under the RCP. This procedure will only apply during our transition to the new RCP when the new RCP plan delays a water utility's GRC beyond the three-year cycle set forth in Section 455.2(c). We decline to adopt CWA's suggestion to permit utilities to file applications. Applications will unduly complicate the RCP schedule and create numerous inefficiencies. Furthermore, the advice letter process addresses all of CWA's concerns."*

And in compliance with Appendix A, Section II. B. of the RCP (page A-2):

*"A water utility that experiences a delay beyond three-years in filing a GRC application due to the transition to the RCP schedule may seek to implement an interim rate change via an advice letter.*

*Such filing will not excuse a utility from filing its future GRCs according to the RCP schedule. These interim rates, when approved, will be subject to*

---

<sup>6</sup> We do not designate this advice letter under any "Tier."

*refund and shall be adjusted upward or downward back to the effective date of the interim rates with the adoption of final rates by the Commission at the conclusion of a GRC scheduled under the RCP.*

*The procedures herein will only apply during our transition to the RCP in instances when the RCP schedule delays a GRC for any water utility beyond the three-year cycle set forth in Section 455.2.”*

To garner authority to implement interim rates and the corollary memorandum account the Administrative Law Judge (“ALJ”) in the subject proceeding must issue a Ruling approving such a request. In compliance with the Ruling requirement and in response to Cal-Am’s motion for interim rate relief filed on June 6, 2017 the ALJ in A.16-07-002 issued a Ruling on September 8, 2017 granting Cal-Am’s request:

***“IT IS RULED***

- 1. In accordance with Public Utilities Code Section 455.2, California-American Water is authorized to file with the Commission, by Tier 1 Advice Letter, a tariff implementing interim rates for its service territories and establishing a memorandum account to track the difference between the interim rates and the final rates adopted by the Commission in this proceeding.*
- 2. The interim rates may increase rates by an amount equal to the rate of inflation as compared to existing rates.*
- 3. The interim rates may become effective no sooner than January 1, 2018.”*

**Request:**

Cal-Am requests authorization to establish interim rates in the Sacramento, Larkfield, Meadowbrook, Geyserville, Dunnigan, Ambler Parks, Ralph Lane, Chualar, Toro, Garrapata, San Diego, Los Angeles District, and Ventura County Districts by filing tariffs that increase present rates by 2.2% as set by the Consumer Price Index for All Urban Consumers (CPI-U) as of November, 2017 provided by the U.S. Bureau of Labor Statistics.

Due to the inter-related nature and complexity of multiple proceedings impacting the Monterey County District,<sup>7</sup> Cal-Am is not requesting an interim rate at this time. For the Monterey County District, Cal-Am requests authorization to track the difference in revenue collections that are a result of a delay in the GRC in the interim rate memorandum account.

**Tier Designation:**

These tariffs are submitted pursuant to General Order No. 96-B and this advice letter is designated as a Tier 1 filing.

**Effective Date:**

---

<sup>7</sup> For example, pursuant to D.16-12-003 Cal-Am implemented a new rate design for the Monterey County District earlier this year. Pending proceedings such as A.12-04-019 relating to the Monterey County District and A.17-04-003 will result in further rate impacts to Monterey customers in 2018.

Cal-Am requests that the tariffs discussed above be made effective January 1, 2018.

**Service List:**

In accordance with Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in Exhibit A.

**Protest and Responses:**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter.

A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds may include the following:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material errors or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

SPECIAL CONDITIONS APPLICABLE TO ALL SERVICE AREAS

1. The fire protection service and connection shall be installed by the Utility or under the Utility's direction. Cost of the entire fire protection installation shall be paid for by the applicant. Such payment shall not be subject to refund.
2. If the distribution main of adequate size to serve a private fire protection system in addition to all other normal service does not exist in the street or alley adjacent to the premises to be served, then a service main from the nearest existing main of adequate capacity will be installed by the utility at the cost of the applicant. Such cost shall not be subject to refund.
3. The installation housing the detector type check valve and meter and appurtenances there to shall be in a location mutually agreeable to the applicant and the Utility. Normally, such installation shall be located on the premises of applicant, adjacent to the property line. The expense of maintaining the fire protection facilities on the applicant's premises (including the vault, meter, detector- type check valves, backflow device and appurtenances) shall be paid for by the applicant.

General Rate Case Interim Rate True-Up Memorandum Accounts

(N)

1. PURPOSE: The purpose of the General Rate Case Interim Rate True-Up Memorandum Accounts is to track the differences between revenues billed at interim rates and revenues that should have been billed under the final rates granted in the General Rate Case (GRC) Application (A.) 16-07-002.
2. APPLICABILITY: Applicable to all service areas served by California American Water.
3. ACCOUNTING PROCEDURE: The difference in revenues resulting from revenues billed under Interim rates effective January 1, 2018 pursuant to Advice Letter 1184 and revenue that should have billed had the final rates from a decision in A. 16-07-002 been in place January 1, 2018 should be treated as follows (including interest at the 90-day commercial paper rate).
  - a. A debit entry based on the final rates granted in the General Rate Case Application (A.) 16-07-002.
  - b. A credit entry based on the Interim Rates paid by customers.
  - c. The difference between the two shall be the balance of the account.
