ADVICE LETTER NO. 1460-A

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company ("California American Water") (U210W) hereby submits for review this advice letter, including the following tariff sheets, attached hereto, which are applicable to all its districts:

Purpose:

The purpose of this supplemental filing is to make certain adjustments to the workpapers submitted in AL 1460. The primary change relates to more accurately capturing the split between Fruitridge metered and flat rate customers in the ACAM calculations. Per the ACAM preliminary statement, metered Fruitridge customers are included in the ACAM and flat rate customers are not. Therefore, through this filing, California American Water updates the Northern Division ACAM calculations to more accurately reflect the split between these customer types and subsequently the ACAM results. Additionally, California American Water discovered that in the original workpapers, changes in the variable charges were inadvertently changing the total revenue requirement including meter and volumetric revenues, when the ACAM should only reflect changes in the volumetric portion of the revenue requirement. Through this filing California American Water corrects this in all three divisions. Additionally, through this filing California American Water includes one tariff sheet from the Schedule No. CEN-SAT and two tariffs from the Schedule No. MO-10 which were inadvertently excluded from the original filing.

The purpose of this advice letter filing is to make effective, but not implement, revised tariff schedules reflecting 2024 Annual Consumption Adjustment ("ACAM") rates based on Test Year 2024 per Decision (D.) 24-12-025. Revised tariffs are effective, but not implemented, for all California American Water service territories. Per D.24-12-025 Test Year 2024 and 2024 ACAM rates will be subsumed in California American Water's escalation filing for attrition year 2025 and the 2025 ACAM.

Background:

Decision ("D.") 24-12-025, issued December 5, 2024, resolved California American Water's general rate case application A.22-07-001. The purpose of this advice letter filing is to file implementation tariffs in compliance with Ordering Paragraph 6 of D.24-12-025, which states:

6. California-American Water Company's request to continue its Annual Consumption Adjustment Mechanism is granted. California-American Water Company must file a Tier 1 Advice Letter to include the Annual Consumption Adjustment Mechanism in its Preliminary Statement.

California American Water was authorized to create a pilot (Annual Consumption Adjustment Mechanism ("ACAM")) in its Monterey Service Area in D.18-05-027. D.21-11-018 authorized the

¹D.21-11-018 at 157

ACAM as a permanent program in Monterey, and also authorized California American Water to create new ACAM pilot programs in its Northern, Southern Division, and the Central Satellite service area within the Central Division. D.24-12-025 authorized continuation of California American Water's ACAM.

Request:

In compliance with D.24-12-025, California American Water requests authority to replace the adopted consumption with the actual consumption and production data (from October 1, 2022, through September 30, 2023) beginning January 1, 2024, to be used for future rate adjustments, including all annual step and offset filings

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and D.24-12-025 and is designated as a Tier 2 filing.

Effective Date:

California American Water requests that the tariff changes requested in the Advice Letter be made effective upon the effective date of California American Water's 2025 Escalation Year and 2025 ACAM filings, which California American Water expects to file within the next two weeks. This is consistent with the authorization contained in Ordering Paragraph 13 and 15 of D.24-12-025. Tariff changes requested in this Advice letter will be reflected in the 2025 Escalation Year filing and the rates herein will be subsumed by the 2025 rates.

Notice and Service List:

Customer Notice – Customers will be notified of this rate change by bill text message. In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically to interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically.***

5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.
7. A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**
