ADVICE LETTER NO. 1461-A

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company ("California American Water") (U210W) hereby submits for review this advice letter, including the following tariff sheets, attached hereto, which are applicable to all its Northern, Central, and Southern Divisions.

Purpose:

The purpose of this supplemental advice letter is to make certain adjustments to the workpapers submitted in AL 1461. The changes relate to reflecting changes in the Northern Division workpapers which were updated through Advice Letter AL 1460-A and addressing a correction to the Bellflower service area rate design in the Southern Division.

The purpose of this advice letter filing is to request approval of the 2025 Escalation Year rates for the Northern, Central, and Southern Division in accordance with Decision ("D.") 24-12-025. As stated in Advice Letters 1459 and 1460 the purpose of this advice letter filing is to make effective, but not implement, revised tariff schedules reflecting 2025 Escalation rates per D.24-12-025. Revised tariffs are effective, but not implemented, for all California American Water service territories. Per D.24-12-025 Test Year 2024, 2024 Annual Consumption Adjustment Mechanism ("ACAM"), 2025 Escalation year rates will be subsumed in California American Water's 2025 ACAM which will be filed concurrently with this filing.

Background:

D.24-12-025, issued December 5, 2024, resolved California American Water's general rate case application A.22-07-001. Through Advice Letter 1459 California American Water complied with Ordering Paragraph 13 of D.24-12-025, states:

13. Within 30 days of the effective date of this decision, California-American Water Company shall file Tier 1 Advice Letters with revised tariff schedules incorporating the 2024 test year rates in compliance with this decision for each of its districts and rate areas considered in this proceeding, consistent with the rates adopted for each rate area as illustrated in the attached Attachments 2 and 3 and B. These filings shall be subject to approval by the Commission's Water Division and will be effective not earlier than 30 days after the Tier 1 advice letter is submitted subject to approval or rejection by staff pursuant to General Order 96-B, General Rule 7.6.1.

D.24-12-025 also states:

15. For escalation years 2025 and 2026, California-American Water Company shall file Tier 1 Advice Letters, in conformance with General Order 96-B and the Revised Water Rate Case Plan (Decision 07-05-062), proposing new revenue requirements and corresponding revised tariff schedules in each rate district and rate area in this proceeding, and in conformance with the Settlement and adopted estimated rates for each rate area as illustrated in the attached Attachments 2 and 3.

California American Water filed Advice Letter 1459 on January 6, 2025, in compliance with Ordering Paragraph 13. Through this filing, California American Water complies with the 2025 escalation year portion of Ordering Paragraph 15.

Request:

This advice letter filing is to request effective rates for all California American Water's water service areas including its Northern, Central, and Southern Divisions.

In its Northern Division, as shown the earnings test and workpapers for the twelve months ended September 30, 2024, the Northern Division earned a rate of return of 5.02% on a recorded basis and 7.67% on a "pro forma" basis. The most recent authorized rate of return per Advice Letter 1424 was 7.68% adjusted to 8.04% to match the designated pro forma period.

In its Central Division, as shown the earnings test and workpapers for the twelve months ended September 30, 2024, the Central Division earned a rate of return of 6.38% on a recorded basis and 8.04% on a "pro forma" basis. The most recent authorized rate of return per Advice Letter 1424 was 7.68% adjusted to 7.87% to match the designated pro forma period.

In its Southern Division, as shown the earnings test and workpapers for the twelve months ended September 30, 2024, the Southern Division earned a rate of return of 4.50% on a recorded basis and 6.34% on a "pro forma" basis. The most recent authorized rate of return per Advice Letter 1424 was 7.68% adjusted to 7.82% to match the designated pro forma period.

In compliance with D.24-12-025, California American Water requests approval of all submitted tariff revisions. Additionally, California American Water will file its ACAM advice letter for all Divisions concurrently with this filing. The ACAM is applied to the 2025 Escalation Year quantity rates contained herein.

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and is designated as a Tier 1 filing.

Effective Date:

California American Water requests an effective date of March 7, 2025.

Notice and Service List:

This is a Tier 1 advice letter that does not require customer notification, as provided in Water Industry Rule 7.3.1 of General Order 96-B. In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically to interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically.***

Response or Protest¹

Anyone may respond to or protest this advice letter. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)
7. A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**
