- 4. **Customer Assistance Program (CAP) for Multi-Family Units:** Per Ordering Paragraph 5 of D.20-08-047 and Resolution W-5241, California American Water will offer discounts on water usage for low-income multifamily buildings under a pilot program as defined in the Preliminary Statement authorizing such program. The pilot program will consist of two program components:
  - a. **Multi-Family Housing in Disadvantaged Communities:** This Program component would be applicable only to master metered buildings in a disadvantaged or severely disadvantaged community ("DAC/SDAC") in the San Diego Service Area.
    - 1. Eligible master metered account holders would receive the Low-Income Ratepayer Assistance Discount in the applicable service area which includes a meter-based discount and a discount on volumetric charges, based on the percentage of eligible residents as compared to the total residents.
    - 2. This program will require building partnerships with local community-based organizations in our San Diego Service Area.
  - b. **Low-Income Joint Water and Energy Install Program:** This program component would expand existing water energy retrofit programs that are currently conducted jointly with energy providers to currently un-served multifamily buildings and mobile home parks. The program that currently extends hot and cold-water measures including appliances, fixtures, and weatherization to low-income housing is funded jointly by California American Water and the energy utility.

**Fees and Surcharges**
