ADVICE LETTER NO. 1278

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company (U210W) submits this advice letter applicable to its Monterey District water customers:

<u>C.P.U.C. Sheet No.</u>	<u>Title of Sheet</u>	<u>Canceling Sheet No.</u>
9428-W	Schedule No. MO-1-SF Monterey County District Tariff Area GENERAL METERED SERVICE	9422-W
9429-W	Schedule No. MO-MF Monterey County District Tariff Area GENERAL METERED SERVICE	9423-W

9432-W	TABLE OF CONTENTS (Continued) (Page 2)	9426-W
9433-W	TABLE OF CONTENTS (Continued) (Page 1)	9427-W

Purpose

This advice letter filing is to comply with Decision (D). 18-05-027, which adopted the Phase 3A Settlement Agreement. Pursuant to the Phase 3A Settlement Agreement, California-American Water is required to file a Tier 1 advice letter to implement new rates applicable to Monterey District customers. The rates will be effective January 17, 2020.

Background

On May 31, 2018, the Commission adopted the *Phase 3A Settlement Agreement* between California-American Water Company, the Office of Ratepayer Advocates, Monterey Peninsula Water Management District, and Coalition of Peninsula Businesses in Decision D.18-05-027.

The Settlement Agreement established a process for California-American Water to adjust Monterey District rates annually based on updated consumption and production data using the ACP/CAM pilot program. A summary of the process is outlined on page 8 of D.18-05-027:

b. Process: Applicant will file a Tier 2 advice letter on or before November 15. The advice letter will provide actual recorded monthly consumption by classification and by tier from October 1 of the prior year through September 30 of the current year, along with the legal and court ordered production limitations, covered by the ACP/CAM for the applicable Monterey Main system customers. Upon approval of the Tier 2 advice letter, Applicant will file a Tier 1 advice letter to implement new rates January 1 of the subsequent year. The approved data will then replace the adopted quantities beginning January 1 of the subsequent year and be used for future rate adjustments during that year.

On November 8, 2019 California American Water requested a 15-day extension to file the Tier 2 ACP/CAM Advice Letter. On November 14, 2019 the Commission granted this extension request.

In compliance with section 2.1.b of Decision D.18-05-027 and the requested extension, California-American Water filed a Tier 2 advice letter (AL1274) on December 2, 2019 to provide actual recorded consumption as well as legal and court ordered production limitations to the Commission. Based on communications with Water Division, following Water Division's review of the Tier 2 advice letter, California American Water is now authorized to file this Tier 1 advice letter.

Request

Based on the results of the ACP/CAM true-up mechanism, this advice letter requests implementation of adjusted rates to all Monterey District customers effective January 17, 2020. California American Water requests this effective date per a request from Water Division.

In compliance with Decision D.18-05-027, California American Water requests approval of all submitted tariff revisions.

Tier Designation

This advice letter is submitted pursuant to General Order No. 96-B and D.18-05-027 and is designated as a Tier 1 filing.

Effective Date

California-American requests an effective date of January 17, 2020.

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

¹ G.O. 96-B, General Rule 7.4.1

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding;
or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The informing document should include an estimate of the date the proposed protest might be voted on.

REPLIES³

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.
