PURPOSE:

With this filing California American Water seeks authority to revise the previously approved purchased water offsets in the Los Angeles, Ventura, San Diego, and Larkfield districts to reflect

changes to revenue requirement and authorized production as approved in Decision (D.) 18-12-021.

BACKGROUND:

D.18-12-021, adopting the 2018, 2019, and 2020 revenue requirement for California American Water (CAW), was issued on December 20, 2018. In that Decision the Commission noted that CAW had “filed several advice letters for purchased water offsets, which have been approved by the Commission. We find it reasonable for all costs for the previous GRC cycle to be incorporated into the revenue requirement. 2018 costs should continue to be collected through the purchase water offset surcharge until the next GRC.”¹ The revenue requirement adopted in this Decision included within base rates the purchased water cost offsets authorized prior to January 1, 2018 for all districts. Purchased water offsets authorized after January 1, 2018, were not included in the revenue requirement, but were authorized for continued collection through the purchase water offset surcharge. Because CAW combines purchase water offsets into a single surcharge for each ratemaking area it is necessary to revise the purchase water calculation to take out offsetable expenses authorized prior to January 1, 2018 and to adjust the surcharges for the sales estimates authorized in D.18-12-021.

In accordance with Section 7.3.1 of the Water Industry Rules under General Order (GO) 96-B and section 454 of the Public Utilities Code, California American Water is seeking authority to offset Purchased Water Expenses it incurs from the various water wholesalers that supply water to its Los Angeles District, Ventura District, San Diego District, and Larkfield District Service Areas. These various water wholesalers increased rates to California American Water after January 1, 2018. California American Water requests that the full increase be offset in base rates to account for annual change in purchased water cost. Specific revisions by ratemaking district are described below.

REQUEST:

Los Angeles District

Post-January 1, 2018 purchase water offsets for the Los Angeles District were authorized by AL 1206, effective May 14, 2018, and AL 1217, effective November 2, 2018. With this advice letter filing CAW seeks to establish purchase water offset surcharges to continue recovery of these previously authorized expenses. Increase in water rates based on authorized consumption and supply mix results in a \$2,195,304 annual increase in purchased water expense to California American Water, plus a corresponding increase of \$13,110 in uncollectible for a total increase of \$2,208,415 over revenue requirement adopted in D.18-12-021. As discussed above, this change is simply a re-implementation of a previously approved purchase water offset, which is directly related to water consumption and thus should be applied to the quantity rate. The resulting incremental surcharge by service area is as follows:

¹ D.18-12-021, pg. 268

Service Area	Surcharge Per CGL
Baldwin Hills	\$0.0269
Duarte	\$0.0928
San Marino	\$0.0292

The offset requested represents an increase of \$2,208,415 or 7.80% over the latest revenue requirement provided and approved by the Commission in AL 1235-A for the Los Angeles District.

Ventura District

Post-January 1, 2018 purchase water offsets for the Ventura District were authorized by AL 1215, with an effective date of October 25, 2018. With this advice letter filing CAW seeks to establish purchase water offset surcharges to continue recovery of these previously authorized expenses. California American Water is requesting an offset due to the Calleguas Municipal Water District increasing water rates from \$1,300 to \$1,375 for Tier -1 rates and \$1,394 to \$1,461 for Tier -2 Rates in 2018. Additionally, the "Capacity Reservation Charge" increased while the "Readiness-to-Serve" charge decreased in 2018. This increase in water rates based on authorized consumption and supply mix results in a \$1,821,743 annual increase in purchased water expense to California American Water, plus a corresponding increase of \$9,365 in uncollectible for a total increase of \$1,831,108 over revenue requirement adopted in D.18-12-021. As discussed above, this change is simply a re-implementation of a previously approved purchase water offset, which is directly related to water consumption and thus should be applied to the quantity rate. This results in a surcharge of \$0.2712 per hundred cubic feet (ccf), or \$0.0363 per 100 gallons. The offset requested represents an increase of \$1,831,108 or 4.80% over the latest revenue requirement provided and approved by the Commission in AL 1232 for the Ventura District.

San Diego District

Post-January 1, 2018 purchase water offsets for the San Diego District were authorized by AL 1212, with an effective date of August, 2018. With this advice letter filing CAW seeks to establish purchase water offset surcharges to continue recovery of these previously authorized expenses. California American Water is requesting an offset due to the City of San Diego's increase of its wholesale water rate from \$4.32 per hundred cubic feet (ccf) to \$4.49 per ccf. This increase in water rates based on authorized consumption and supply mix results in a \$803,922 annual increase in purchased water expense to California American Water, plus a corresponding increase of \$4,133 in uncollectible for a total increase of \$808,055 over revenue requirement adopted in D.18-12-021. As discussed above, this change is simply a re-implementation of a previously approved purchase water offset, which is directly related to water consumption and thus should be applied to the quantity rate. This results in a surcharge of \$0.1780 per hundred cubic feet (ccf), or \$0.0238 per 100 gallons. The offset requested

represents an increase of \$808,055 or 2.55% over the latest revenue requirement provided and approved by the Commission in AL 1233 for the San Diego District.

Larkfield District

Post-January 1, 2018 purchase water offsets for the Larkfield District were authorized by AL 1216, with an effective date of October 25, 2018. With this advice letter filing CAW seeks to establish purchase water offset surcharges to continue recovery of these previously authorized expenses. California American Water is requesting an offset due to the increase in Sonoma County Water Agency wholesale rates from \$1,003.86 to \$1,133.47 per acre-ft. This increase in water rates based on authorized consumption and supply mix results in a \$39,821 annual increase in purchased water expense to California American Water, plus a corresponding increase of \$205 in uncollectible for a total increase of \$40,026 over revenue requirement adopted in D.18-12-021. As discussed above, this change is simply a re-implementation of a previously approved purchase water offset, which is directly related to water consumption and thus should be applied to the quantity rate. This results in a surcharge of \$0.1215 per hundred cubic feet (ccf), or \$0.0162 per 100 gallons. The offset requested represents an increase of \$40,026 or 1.26% over the latest revenue requirement provided and approved by the Commission in AL 1234-A for the Larkfield District.

SERVICE LIST:

Pursuant with Section 4.3 of the General Order 96-B, a copy of this advice letter is being sent to those entities listed in the attached service list. Copies of the detailed workpapers and the documents supporting this advice letter have been furnished to the Commission Staff, as well.

EFFECTIVE DATE:

California American Water submits this as a Tier 1 advice letter and requests an effective date of May 11, 2019.

RESPONSE OR PROTEST:

Anyone may submit a response or protest for this Advice Letter. When submitting a response or protest **please include the utility name and Advice Letter number in the subject line.**

A response supports the filing and may contain information that proves useful to the Commission in evaluating the Advice Letter. A protest objects to the Advice Letter in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

1. The utility did not properly serve or give notice of the AL;
 2. The relief request in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
 3. The analysis, calculations, or data in the AL contain material error omissions;
 4. The requested in the AL is pending before the Commission in a formal proceeding;
- or

5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, providing that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the name of the utility and the advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email address:

Water.Division@cpuc.ca.gov

Mailing address:

CA Public Utilities Commission
Division of Water
505 Van Ness Avenue
San Francisco, CA 94102

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or email) to us, addressed to:

Email Address:

lakhjit.thind@amwater.com

sarah.leeper@amwater.com

ca.rates@amwater.com

Mailing Address:

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within 20 days protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the protest might be voted on.

REPLIES:

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

If you have not received a reply to your protest within 10 business days, contact this person at (916) 568-4232.

This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

SPECIAL CONDITIONS

General Items

1. Qualifying low-income customers can receive a discount on their bill. Customers must apply with the Company for acceptance into the low-income program. For additional details, please see Tariff Schedule CA-LIRA.
2. Any customer paying for service at a premise where a Residential Fire Protection Service (R.F.P.S.) is required/requested to be installed by local fire and building codes shall be allowed to have their monthly service charge modified in accordance with the monthly costs for R.F.P.S. service charges. Provided, however, that the R.F.P.S. rate has been requested by the customer and verified by the Company that the smaller size of meter would be large enough to provide adequate service for the property in absence of the additional demand necessary to supply water to the sprinkler system. The R.F.P.S. will not be considered a fire service by the Company, but as an oversized general metered service. As such the rules and conditions of service for general metered service shall apply.

Fees and Surcharges

1. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
2. A surcharge is included on each bill to collect franchise taxes and/or business license fees paid to various municipalities. The amount collected is based on a percentage of gross revenues of each bill. The percentage is 2% to City of San Diego and City of Imperial Beach.
3. Per Advice Letter 1230-B, a surcharge of \$1.81 for the Low-Income Ratepayer Assistance Program ("LIRAP") Balancing Account will be collected from all non-low income water and wastewater customers.
4. D.18-12-021 authorized a three-year conservation budget of \$448,388 for 2018-2020 for San Diego County. Per AL 1230-B, a surcharge of \$0.0135 per hundred gallons will be applied to each bill to fund California American Water conservation efforts.
5. Per Advice Letter 1230-B, the under-collected balance in San Diego County District Consolidated Expense Balancing Account (CEBA) will be recovered through a quantity based surcharge of \$0.0180 per 100 gallons over 12 months effective May 1, 2019. The total amount will be recovered from all classes of customers.
6. Per Advice Letter 1243, a surcharge is applied to each bill to offset increases in purchased water costs imposed by the City of San Diego. This offset results in a needed revenue increase of \$808,055 or 2.55%. The surcharge of \$0.0238 per 100 gallons is added to the quantity rate effective May 11, 2019.
7. A surcharge is included in each bill to recover the net under-collection in the Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA). Per D.18-12-021 the cap on WRAM/MCBA surcharges was raised to 15% of the authorized revenue requirement. For the period ending December 31, 2017, the net under-collection totals \$4,466,987 including the interest. The surcharge is \$0.0791 per 100 gallons and will remain effective for 20 months beginning March 31, 2018.

The total amount will be recovered from all classes of customers.
6. Per Advice Letter 1243, a surcharge is applied to each bill to offset the increase in purchased water cost imposed by the Calleguas Municipal Water District. This increase results in a needed revenue increase of \$1,831,108 or 4.80%. The surcharge of \$0.0363 per 100 gallons is added to the quantity rate effective May 11, 2019.
7. A surcharge is included in each bill to recover the net under-collection in the Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA). Per D.18-12-021 the cap on WRAM/MCBA surcharges was raised to 15% of the authorized revenue requirement. For the period ending December 31, 2017, the net under-collection totals \$9,134,703 including interest. The surcharge is \$0.0709 per 100 gallons and will remain effective for 29 months beginning March 31, 2018.
