## HYDRATION STATION GRANT PROGRAM

Missouri American Water is committed to making a positive impact in the communities we serve by providing quality water services to our customers and supporting community, civic and charitable organizations. Our Hydration Station Grant Program is designed to make safe and healthy hydration more accessible in public spaces while also promoting environmental stewardship, as it helps reduce the number of plastic bottles that end up in landfills and bodies of water.

### ELIGIBILITY

This program will provide funding to select 501(c)(3) public charities and K-12 public schools located within a community served by Missouri American Water. Park foundations and nonprofit charitable groups may apply. To see a list of organizations we do not fund, [click here](#). To be eligible to apply, entities must receive their tap water service from Missouri American Water.

### HOW TO APPLY

Visit our [website](#) beginning March 17. Fill out the form by April 30 and provide the requested documentation. For questions, contact Megan Watson at [Megan.Watson@amwater.com](mailto:Megan.Watson@amwater.com).

**60 million**  
 plastic bottles are not recycled and end up in landfills every day in the United States.

The American Water Charitable Foundation (AWCF) is registered with the IRS as a 501(c)(3) private foundation. Grants will be funded either by the AWCF upon the advice or recommendation of personnel from American Water and its state subsidiary or directly by Missouri American Water.
