ADVICE LETTER NO. 1432

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company (California American Water) (U210W) submits this advice letter applicable to all its water customers.

**Purpose:**

By this advice letter, California American Water requests that customers in the recently acquired systems of East Pasadena and Piru be able to apply for and receive low-income discounts under California American Water's Customer Assistance Program ("CAP") if they meet the applicable eligibility criteria. Through this advice letter California American Water also updates the applicability language consistent with the request made herein and the special conditions contained in the CAP tariff.

**Background:**

Given the Commission's interest in assisting low-income customers, particularly during and following the COVID-19 public health emergency, California American Water recommends expanding the applicability of its low-income programs to customers in recently acquired service areas that meet the current eligibility criteria outlined in Advice Letter 1410.

East Pasadena was integrated into California American Water on September 21, 2021 with Advice Letter 1347 and Piru was integrated on September 16, 2022 with Advice Letter 1388. Both of these acquisition decisions ordered that California American Water adopt the pre-acquisition tariffs of the respective acquired systems. Presently, customers in these recently acquired service areas would become eligible to apply for the CAP upon implementation of California American Water's pending general rate case, A.22-07-001 which has a 2024 test year. Given that a decision has not yet been issued, this advice letter recommends expediting the eligibility for these customers.

**Request:**

California American Water is requesting authorization to allow customers in the East Pasadena and Piru service areas to apply for the CAP program and enroll if they meet the eligibility criteria. California American Water does not anticipate the need for changes to its current CAP surcharge at this time and plans to make a filing updating the surcharge prior to the end of the year. The CAP surcharge applies to all non-CAP customers in California American Water service areas. Customers in the East Pasadena and Piru service areas would be able to be able to apply for the program as of the effective date of this advice letter and the surcharge would apply to non-CAP customers in East Pasadena and Piru and the applicable tariffs will be updated to reflect these changes.<sup>1</sup>

---

<sup>1</sup> Per California American Water's partial settlement agreement with Cal Advocates in A.22-07-001, parties agreed that East Pasadena and Piru customers would be incorporated into the CAP program upon implementation of the GRC decision. Prior to filing this Advice Letter, California American Water conferred with Cal Advocates. Cal

**Tier Designation:**

These tariffs are submitted pursuant to General Order No.96-B and this advice letter is designated as a Tier 2 filing.

**Effective Date:**

California American Water requests an effective date of January 22, 2024.

**Notice and Service List:**

Customer Notice – Customers will be notified of this rate change by bill text message. In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically to interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically.***

**PROTEST OR RESPONSES:**

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds<sup>2</sup> are:

2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.
7. A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**
