ADVICE LETTER NO. 67-S

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Pursuant to General Order 96-B, California-American Water Company ("California American Water") (U210W) hereby submits for review this advice letter, including the following tariff sheets, which are attached hereto:

PURPOSE

The purpose of this advice letter is to comply with Ordering Paragraph 19 of Decision D.18-12-021, which states that California American Water shall refund customers its excess protected (plant related) Accumulated Deferred Income Tax ("ADIT") based on the size of a customer's meter. The 2020 grossed up amount to be refunded is \$698,158.66. This refund will be amortized evenly over a one-year period beginning November 1, 2021 after the 2019 excess ADIT refunds end. California American Water is required to file a tier 3 advice letter annually for the protected ADIT of 2018, 2019 and 2020. This is the third and final annual filing.

BACKGROUND

At the end of 2017, California American Water re-measured its ADIT based on estimated amounts at the date of enactment of the Tax Cuts and Jobs Act ("TCJA"). The estimates were refined with the filing of the income tax returns for 2017. California American Water completed its implementation of the Powertax system in late 2019.

In D.18-12-021 Ordering Paragraph 19, the Commission ordered California American Water to file a Tier 3 advice letter on July 1, 2021 to return the certain plant-related excess ADIT for 2020.

Specifically, Ordering Paragraph 19, D.18-12-021, p.324-5, states:

19. *By June 30, 2019, California American Water Company (Cal-Am) shall file a Tier 3 advice letter to refund the 2018 Excess Protected Accumulated Deferred Income Tax (ADIT), which should have been recorded in the Tax Memorandum Account, to ratepayers as a bill credit, based on the size of the customer's meter. Cal-Am shall file Tier 3 advice letter by June 30, 2020 and a Tier 3 advice letter by June 30, 2021 to refund the 2019 Excess Protected ADIT and the 2020 Excess Protected ADIT to ratepayers as a bill credit, based on the size of the customer's meter. Each refund shall be amortized evenly over a period of one year. Each advice letter shall include any necessary revenue requirement adjustments to rate base caused by the return of the ADIT balances. In each advice letter, Cal-Am shall provide calculations and supporting documentations that demonstrate: (1) an estimation of the Excess Protected ADIT for each year, (2) how the Excess Protected ADIT balances were calculated for each year, and (3) the normalization method used. Cal-Am is not required to refund the Excess Protected ADIT balances faster or sooner than allowed pursuant to the normalization rules of the Internal Revenue Service.*

Consistent with previously filed and approved Advice Letter 1247-B and 1300, excess ADIT liabilities within Powertax, net of excess ADIT asset related to Net Operating Loss Carryforward (“NOLC”), account for \$19,319,993 of the total plant related differences. These amounts are generally subject to normalization or so-called “protected” ADIT. It is the excess ADIT that is maintained in the Powertax system, and that will normalize using “Average Rate Assumption Method” (“ARAM”) that California American Water believes is within the scope of ordering paragraph 19 of D.18-12-021 and the related Tier 3 advice letters.

Computation

Workpaper 2-1 summarizes the net excesses that exist in Powertax. The numbers on lines 2 and 3 come from the included report 261 from Powertax. Report 261 reports the excess balance at the beginning and end of a given year. Line 5 represents the excess deferred asset related to the net operation loss (“NOL”) carry forward. Line 6 represents total excess subject to ARAM amortization and California American Water believes this net excess is within the scope of the refund outlined in Ordering Paragraph 19 of D.18-12-021.

Lines 8 through 11 show the credit amount net of the rate base impact. The credit amount on Line 8 comes from the schedule labeled Excess ADIT for 2020 and the rate base impact amount on Line 10 comes from the schedule labeled Proration – rate base.

The Excess ADIT for 2020 workpaper uses the data from Powertax report 260 which reports the change in excess computed using ARAM for a year. This workpaper also layers in proportional amortization of the NOL excess ADIT asset.

REQUEST

This advice letter requests authorization to refund the plant-related 2020 Excess Protected ADIT over a period of one year as a bill credit to all customers based on meter size. In addition, California American Water requests to remove the 2018 Excess Protected ADIT tariff language.

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and D.18-12-021 and is designated as a Tier 3 filing.

EFFECTIVE DATE

California American Water requests an effective date of July 31, 2021.

SERVICE LIST

Pursuant to Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in the attached service list. Copies of the detailed work papers and the documents supporting this Advice Letter have also been furnished to the Commission Staff.

RESPONSE OR PROTEST¹

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

¹ G.O. 96-B, General Rule 7.4.1

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding;
or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.
